Project	Reassessment and validity extension of assessment and regulatory information report 45981				

Dear Boris Iskra,

This letter is to confirm the extension of the validity of the assessment and regulatory information reports identified below.

Project number	Report no.	Report title	Current expiry date	New expiry date
FAS180339	45981.10	Fire hazard properties of plywood for use as internal wall and ceiling linings in accordance with AS 5637.1:2015	31 May 2024	30 November 2024
	RIR 45981.10			

We confirm that the validity of the above reports has been extended until 30 November 2024. This interim extension allows for a reassessment of the technical justifications, baseline test evidence, and conclusions in these reports in accordance with assessment protocols.

Kind regards
